

IGNACIO ETCHEGARAY

A collision of heartfelt songs & eclectic sonic landscapes

DIS-
COG-
RAPHY

Ignacio Etchegaray is a songwriter, singer, musician and recording artist, originally from Viedma, Patagonia Argentina and based around Europe for the last couple of years. Always packed with a relentless focus on making good, sincere and emotionally charged songs, he has -as of now- released three self-produced albums as a solo artist. Sometimes with a witty tone and often mixing english with his native español, it all gets wrapped with a peaceful aura, regardless of the intensity of the emotions evoked. Colourful music, soulful vocals and powerful live performances nurtured from years of playing with his band **hasdee** in the underground scenes of Argentina during the 2010s. The originality of the compositions and arrangements becomes more evident in the sonic territories of his evolving repertoire, but still everything feels familiar. No two of his songs sound alike either, yet they belong together within a genre-defying sound.

MUSIC & LIVE PERFORMANCE

Ignacio started his musical life at the age of 16 - as a drummer, then guitarist and singer - with different high-school bands in his home town. Before long he was writing music and recording demos at home. During the 2010s he cut his teeth as a member of the alt-rock band *hasdee*, participating in the indie scene from Patagonia, La Plata and Buenos Aires, where they played iconic venues of Argentina and won a National prize for best band of their region in 2017. In early 2018, the band decided to take a indefinite pause and Ignacio moved to Berlin to start his solo career.

His first solo record ***already human, already*** came out in September 2018, with the singles ***S-Bahn*** and ***Just*** setting the raw, catchy and unexpected tone of the album's imagery and collagey sound.

The pandemic found him in his hometown with a lot of fresh material and precipitated his second - more ambient, organic and introspective - album called ***love your love***, released in December, 2021. Relocated in Europe, in 2022, he began working on a

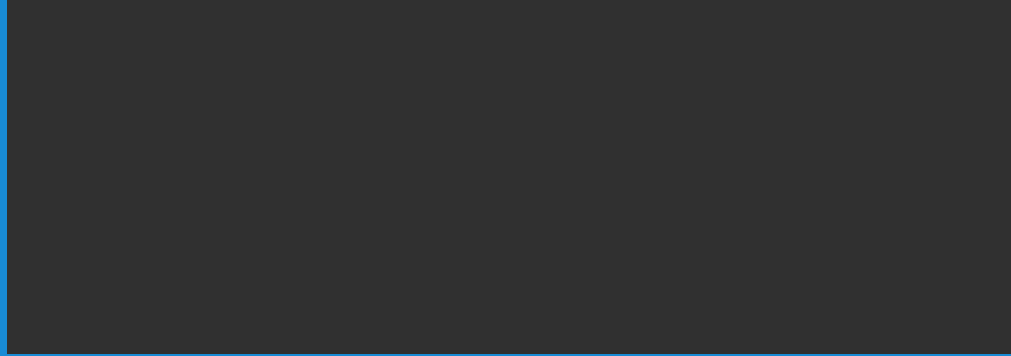

new album between Berlin and Torino.

During 2023 he roadtested some of the new songs in some of Torino's most beloved venues like Jazz Club Torino, Café Des Arts and Concertino del Balconcino before moving to London to finish what is now his latest album ***Request Respect*** which came out in November, 2023.

The album explores a more reflexive and story-telling side of Ignacio, showcasing observations made while navigating personal experiences and intending to empower individuals to put their universal human rights and value into practice while they participate and live in the current world.
